

MAKYBE RISE
PRIMARY SCHOOL

Makybe Rise News

Message from the Principal

Dear Makybe Rise Families

The beautiful Autumn weather we are having provides so many lovely opportunities for our families to celebrate being a part of our Makybe Rise community. I am grateful for the many positive comments that I often receive each morning as I stand at the front gate. Recently, many parents have stopped to tell me how thankful they are that their children attend Makybe.

Thank you to all the staff and parents who attended our recent swimming trials at Rockingham Aquatic Centre. The evening was a great success and we are looking forward to the interschool carnival later in the term. 54 students from Years 4 - 6 attended the school swimming trials this year. Mr Kayser was very impressed by the swimming skills on display and reported that the students demonstrated wonderful positive mindsets as they persevered to complete each event that they entered.

Last week, Mr Gorman accompanied a selected group of our Year 6 students to help paint a mural at Bimbi Early Learning Centre. The students worked with two local mural artists, Mel and Tash McVee. The mural consisted of a magpie, dragonfly and four local

flowering plants which represent the names of some of the rooms at Bimbi. Some of our students helped the younger children from Bimbi when adding their own splashes of colour to the wall!

The Makybe Rise Primary School Board is proud to welcome Makybe Rise families to our annual **movie night**, to be held on Thursday 2 April. This is a free event for Makybe Rise families only. All our families are encouraged to come along and join in the fun and school spirit.

Makybe families are invited to bring a picnic rug, jumpers and a torch. Families can buy something to eat from the canteen or can bring their own snacks.

Our Year 6 students will once again be selling popcorn as a fundraiser towards their Year 6 camp.

This event is always a highlight of the Makybe calendar and I look forward to seeing you all there.

David Lewis
Principal

Upcoming Events

- **6 March: Room 16 & 17 Assembly**
- **13 March: Junior Assembly Rooms 39 & 40**
- **20 March: BASSA Swimming Carnival**

HASS 2020

This term in HaSS (Humanities and Social Sciences), Year Five students have been learning about how the environment influences people. We read the poem 'My Country' and created images about Australian landscapes in their mind. From this, students explored the different types of landforms and marked the 'Landforms of Australia' text with inquiry questions they had generated.

After gaining an understanding of topographical features seen on land such as mountains (Great Dividing Range), Deserts (The Simpson Desert), valleys, plains, rivers (Murray) and lakes; students then researched landforms specifically in Western Australia such as The Pinnacles, Wave Rock, The Gorges, Ningaloo Reef and Shark Bay. Students used their inquiry questions to guide their research on the iPads and used three column note-taking skills to record their findings. This developed students critical thinking skills by enabling them to ask questions, check the reliability of the information and generally make sense of what they read.

Check out the students' research. We can't wait to learn more!

BIMBI EARLY CENTRE MURAL

On Tuesday, 25 February, a selected group of our Year 6 students were invited to help paint a mural at Bimbi Early Learning Centre. The students worked with the sister team of Mel and Tash McVee, two local mural artists. The wall, behind Catalano's, had

been drawn out the night before and each section labelled with a number and letter. Each number and letter combination corresponded to a cup with a specific paint colour and brush in it. It was just like paint-by-number activities. The mural consisted of a magpie, dragonfly and 4 local flowering plants which were the names of the rooms at Bimbi.

Students were introduced to the mural elements, taught how to 'cut in' with their brushes and how to keep consistent brush strokes and viscosity. Some of our students even helped out with the 3 and 4 year old children from Bimbi ELC when adding their own splash of colour to the wall. Each group of students had about 40 minutes of painting time and modelled all the qualities that our school prides itself on. All of our students listened to instructions and feedback, were polite and helped out the younger children.

If your child was one of the students selected to help out, Nicole at Bimbi ELC invited students to pop back in to show you all their hard work.

every child every day

In Room 27, we have been focusing on building new friendships, getting to know one another, learning each person's name and sharing our interests. Although we are all different in many ways, we found out that we also have many things in common. Swimming, going to the park and playing with friends are very popular activities.

We each drew our likes and interests on a puzzle piece and joined the pieces together to show that we all belong and fit together in Room 27. Also, that students can work together to help one another in achieving their hopes and dreams.

Students have been talking about their Hopes and Dreams for the year, what they would like to achieve and how they can be successful. Overall, students decided that growth mindset and help from teachers, friends and family are necessary for achieving success and reaching their goals.

Some of the Hopes and Dreams in Room 27 were: learning to tie shoe laces, to tell the time, making new friends, being successful in Year 2, learning times tables, to read chapter books, to spell better, count backwards and to learn everyone's name.

Classroom Teacher

We all know how precious time is and we are so grateful for any time that is donated to the P&C. To make it easier for everyone, in 2020 we will be using the SignUp tool for all major activities that require volunteers. This term we are currently seeking volunteers for our Breakfast Club and our Disco. Go to the links below to sign up:

- Breakfast Club: <https://signup.com/go/GUkbvOC>
- Disco: <https://signup.com/go/nGbJdoi>

Upcoming Events

- Wednesday 4 March: General Meeting
- Friday 20 March: School Disco
- Wednesday 8 April: Easter Raffle

Canteen News

Makybe Canteen is available for recess and lunch orders Monday, Wednesday and Friday. Orders are placed via the Qkr! app. Volunteers can register through SingUp: <https://signup.com/client/invitation2/secure/3204531/false#/invitation>

For cupcakes orders and all other canteen enquiries, email us on makyberisepandc@gmail.com

For all P&C queries, please contact us via our Facebook page or by email: makyberisepandc@gmail.com

I Made a Mistake, Hooray!

Celebrating mistakes as a part of learning is equally important as celebrating achievement. As Mary Ricci states: *There is a strong message in our society about how to boost children's self-esteem, and a main part of that message is: Protect them from failure! While this may help with the immediate problem of a child's disappointment, it can be harmful in the long run.*

One way to help your child overcome their initial disappointment is by encouraging a growth mindset! Instead of them approaching it in the same way they always have, encourage them to reflect on how could I do this differently by asking "What are you missing?" or "what do you already know that could help?"

Mistakes are the greatest learning opportunities! Go on and share with your child, what you do when you get stuck?
